## Your life Connected, Your life Smarter

Take control of your power from anywhere

Control your Power by:

Mobile   Voice   Touch

Use with the BG Home app

GET IT ON Google Play

Download on the App Store

Compatible with: amazon alexa | Google HOME

---

1. Install the BG Home App

Download the BG Home App for your Android or iOS device.

GET IT ON Google Play
Download on the App Store

Scan the QR code below   Scan the QR code below

2. Account creation

Follow the on-screen advice to set-up an initial account

If you have a BG Home account already skip to "Add Device"

Device Setup

Press and hold button for 5 seconds. The adaptor will then enter Wi-Fi configuration mode and the indicator illuminated **RED flashing quickly**.

Once set up your mobile device will indicate a successful connection and the Red indicator on the socket will turn off.

You can now plug in the device you would like to control.

App screen: email address or phone number / password / Sign in / Forget password? / Don't have an account? Account Sign Up

App screen: Add Device — Socket / Adaptor / Batch Add Device

---

3. Socket setup

On the App select '**Add device**'

Ensure that your Smart Socket is connected to the power supply as per the 'Wiring Instructions' supplied. After the initial power up both switch LED indicators will illuminate **RED** and start to blink and the socket will be ready for setup.

Socket Setup

Press and hold button A for 5 seconds. The socket will then enter Wi-Fi configuration mode and the indicator illuminated **RED flashing quickly**.
Once set up your mobile device will indicate a successful connection and the Red indicator on the socket will turn off.

App screen: Add Device — AP Config. Power on the device and make sure it is in the configuration state where the LED indicator is flashing quickly. Device Reset Instruction. My device's LED indicator is flashing quickly. Next

3. Adaptor setup

On the App select '**Add device**'

Ensure that your Smart Adaptor is connected to the power supply. After the initial power up the switch LED indicator will illuminate **RED** and start to blink and the adaptor will be ready for setup.
App screen: Add Device — AP Config. Power on the device and make sure it is in the configuration state where the LED indicator is flashing quickly. Device Reset Instruction. My device's LED indicator is flashing quickly. Next

Adaptor Setup

Power control on the adaptor can be manual or 'smart'

The power button will illuminate **BLUE** for ON

POWER BUTTON

You can now plug in the device you would like to control.

If these setup procedures fail, follow the "AP Config" setup and the step by step instructions on the App.
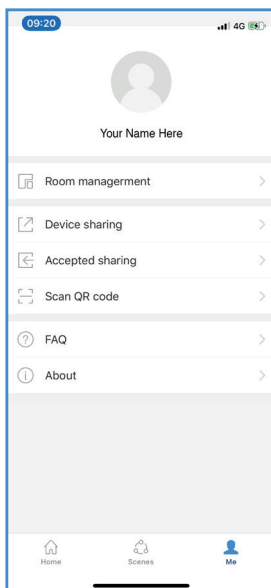

Connecting Additional Smart Devices

To connect additional BG Home Smart Devices, please follow the steps below:

1. Connect and power up the device
2. Press and hold the power button until the **RED LED flashes quickly**
3. Go to the BG Home app and 'Add Device'
4. Once found and connected name the device accordingly

Repeat for all additional BG Home Smart Devices.

Third Party Control Overview

amazon alexa

If you're new to Echo, it's a super smart speaker from Amazon that responds to your voice.

Once you've bought Amazon Echo and downloaded the BG Home App, you'll just need to enable....

1. Enable the BG Home App
In your Alexa app, tap Skills in the menu and search for BG Home. Tap Enable.

2. Link Account
Enter your BG Home App username and password and follow the onscreen instructions.

3. Talk to Alexa
Now the fun part. Ask Alexa to control your BG Smart Home device.

Google HOME

Now you can use Google's voice-activated speaker to control your Smart Home sockets and adaptors. With the Google Assistant, you can turn on your lights without pressing a button!

1. Setup
Start by getting the Google Home app and setting up your Google Home if you have not done this already.

2. Add BG Smart Home Action
In the Google Home app tap the menu icon and select Home Control. Then tap the + button to see a list of Actions tapping BG Home to select the Action.

3. Link your BG Home Account
Now follow the in-app instructions to link your BG Home App account. Once complete you'll be able to say 'Ok Google, turn my lamp on'.
